

# SOLAR CELL TRAINER

MODEL SOLAR100

This trainer has been designed with a view to provide practical and experimental knowledge of Solar Cell.

## SPECIFICATIONS

Children can do a series of do-it-yourself experiments to acquire the basic knowledge of solar energy with this kit. They will learn how to make an electrical circuit, make a solar circuit, how to increase voltage and current, and how to use solar power to produce energy for a radio, calculator, battery charger, a cassette player and more!

In keeping view of SIGMA policy of continuous development and improvement, the Specifications may be changed without prior notice or obligation.
